Regulations and Orders

Regulations and Orders

Made Under the Safety, Health and Welfare at Work Act 2005

2013 Safety, Health and Welfare at Work (Biological Agents) Regulations 2013. (S.I. No. 572 of 2013)

[These Regulations transpose Directive 2000/54/EC of the European Parliament and of the Council of 18 September 2000 on the protection of workers from risks related to exposure to biological agents at work. This is a codified Directive which repealed and replaced Council Directive 90/679/EEC of 26 November 1990 as amended by Council Directive 93/88/EEC of 12 October 1993, Commission Directive 95/30/EC of 30 June 1995, Commission Directive 97/59/EC of 7 October 1997, and Commission Directive 97/65/EC of 26 November 1997.

These Directives were previously transposed in Ireland through the Safety, Health and Welfare at Work (Biological Agents) Regulations 1994 (S.I. No. 146 of 1994) and the Safety, Health and Welfare at Work (Biological Agents) (Amendment) Regulations 1998 (S.I. No. 248 of 1998). The 1994 and 1998 Regulations are revoked and replaced by these Regulations which transpose Directive 2000/54/EC.

These Regulations enable the publication of some aspects of the Biological Agents Directive (i.e. the list of biological agents and their classification, together with indications concerning containment measures and levels) in a relevant Code of Practice, rather than in the Regulations themselves.

These Regulations define biological agents and apply to activities in which workers are or potentially are exposed to biological agents as a result of their work. Employers must identify the biological agent to which workers are, or may be, exposed. They must assess the risk, making use of the list of biological agents, their classification, containment levels and measures provided for in the relevant Code of Practice, and proceed in accordance with the remaining Regulations where appropriate.

These Regulations permit the Health and Safety Authority to prohibit a specific use of a Biological Agent or request that additional control measures are put in place (Regulation 4).]

Safety, Health and Welfare at Work (Construction) Regulations 2013 (S.I. No. 291/2013)

[The purpose of these Regulations is to prescribe the main requirements for the protection of the safety, health and welfare of persons working on construction sites and to give further effect to Council Directive 92/57/EEC on the minimum safety and health requirements at temporary or mobile construction sites.

These Regulations are designed to clarify and strengthen the general duties of all parties as regards securing occupational safety, health and welfare in construction work, including those of Clients, Project Supervisors, Designers, Contractors and Employees.

These Regulations apply to all construction projects including the alteration, decoration, maintenance and repair of buildings and the installation, maintenance and removal of mechanical and other systems fixed within or to structures. They place obligations on clients and designers to ensure that safety and health is taken into account before any construction work begins.

These Regulations replace and revoke the Safety, Health and Welfare at Work (Construction) Regulations 2006 (S.I. No. 504 of 2006), the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2008 (S.I. No. 130 of 2008), the Safety, Health and Welfare at Work (Construction) (Amendment) (No. 2) Regulations 2008 (S.I. No. 423 of 2008), the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2010 (S.I. No. 523 of 2010), the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2012 (S.I. No. 461 of 2012), the Safety, Health and Welfare at Work (Construction) (Amendment) (No. 2) Regulations 2012 (S.I. No. 481 of 2012) and Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2013 (S.I. No. 182 of 2013).]

[Came into operation on 1 August 2013.]

Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2013 (S.I. No. 182 of 2013)

[The purpose of these Regulations is to amend the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2012 (S.I. No. 461 of 2012) as regards the operational date for those Regulations which is changed from 1 June 2013 to 1 August 2013.] {Replaced and revoked by S.I. No. 291/2013 - Safety, Health and Welfare at Work (Construction) Regulations 2013.}

Safety, Health and Welfare at Work (Quarries) (Amendment) Regulations 2013
(S.I. No. 9 of 2013)

[The purpose of these Regulations is to amend the Safety, Health and Welfare at Work (Quarries) Regulations 2008 (S.I. No. 28 of 2008) by substituting revised provisions for Regulations 23(2)(e) and amending Schedule 2, with the intention of ensuring that, all transport vehicles, earth moving machinery, materials-handling machinery and locomotives used in quarries have, in circumstances where the operators visibility is restricted, appropriate auxiliary devices that comply with the provisions of any relevant enactment, implementing any relevant Directive, installed to improve visibility]

Safety, Health and Welfare at Work (Construction) (Amendment) (No. 2) Regulations 2012 (S.I. No. 481 of 2012)

[The purpose of these Regulations is to further amend the Safety, Health and Welfare at Work (Construction) Regulations 2006 (S.I. No. 504 of 2006), as previously amended by the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2008 (S.I. No. 130 of 2008), the Safety, Health and Welfare at Work (Construction) (Amendment) (No. 2) Regulations 2008 (S.I. No. 523 of 2010) and the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2012 (S.I. No. 461 of 2012), by deleting Regulation 4(5) and substituting revised provisions for Regulations 87(1)(e) and Schedule 6.

The revised provisions for Regulations 87(1)(e) and Schedule 6 provide that all transport vehicles, earth moving machinery and materials-handling machinery used for construction work on site have, in circumstances where the operator's visibility is restricted, appropriate devices installed to improve visibility.] .] {Replaced and revoked by S.I. Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2012 (S.I. No. 461 of 2012)

[The purpose of these Regulations is to amend the Safety, Health and Welfare at Work (Construction) Regulations 2006 (S.I. No. 504 of 2006), as previously amended by the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2008 (S.I. No. 130 of 2008), the Safety, Health and Welfare at Work (Construction) (Amendment) (No. 2) Regulations 2008 (S.I. No. 423 of 2008)

and the Safety, Health and Welfare at Work (Construction) (Amendment) Regulations 2010 (S.I. No. 523 of 2010), by amending the definition of “client” to include construction work commissioned by a person or persons on their own domestic dwelling. This aligns the definition of client to that expressed in Council Directive 92/57/EEC of 24 June 1992 on the implementation of minimum safety and health requirements at temporary or mobile construction sites. Following from this amendment, these Regulations also remove the previous derogation from Section 17 of the Safety Health and Welfare at Work Act 2005 (No. 10 of 2005) so as to now bring construction work commissioned by a person or persons on their own domestic dwelling within the scope of the “Construction Regulations”. Finally, the Regulations include a new provision on clients and or project supervisors whereby any appointment by a client or project supervisor does not relieve them of any duty imposed by these Regulations or any enactment.

- 2015 *European Communities (Carriage of Dangerous Goods Bb Road and Use of Transportable Pressure Equipment) (Amendment) Regulations 2015 (S.I. No. 31 of 2015)*
These Regulations amend the European Communities (Carriage of Dangerous Goods by Road and Use of Transportable Pressure Equipment) Regulations 2011 to 2013 to take account of the integration of the Irish National Accreditation Board (formerly a Committee of Forfás), into the Health and Safety Authority (HSA), as a Committee thereof, with effect from 31st July 2014, in advance of the dissolution of Forfás on 1st August 2014. They provide that any fees for ADR

related services by INAB will be charged by, and payable to, the HSA.

- 2014 European Union (Prevention Of Sharps Injuries in the Healthcare Sector) Regulations 2014 (S.I. No. 135 of 2014)
The purpose of these Regulations is to transpose into Irish law Council Directive 2010/32/EU of 10 May 2010 implementing the Framework Agreement on prevention from sharp injuries in the hospital and healthcare sector concluded by HOSPEEM and EPSU. This Directive represents the first occupational safety and health Directive generated through social partners/dialogue mechanism.
The Regulations relate to the risks posed by sharps to those working in healthcare. They implement specific control measures to protect employees at risk, and require an appropriate response in the event of an incident occurring.
The Regulations build on the more general duties under the Safety, Health and Welfare at Work Act, 2005 and the Safety, Health and Welfare at Work (Biological Agents) Regulations, 2013 (S.I. No. 572 of 2013) which apply across all industry sectors.
The Regulations define sharps as ‘objects or instruments necessary for the exercise of specific healthcare activities, which are able to cut, prick or cause injury or infection’. This includes equipment such as needles, blades (such as scalpels) and other sharp medical instruments.
The Regulations apply to all employers and employees in the healthcare sector. This includes nurses, medical practitioners, nursing auxiliaries and assistants, cleaners, dental nurses, paramedics, home carers etc. The Regulations apply to students working in healthcare, self-employed persons in healthcare and any employees employed by organisations contracted to provide services for healthcare organisations such as cleaners and other ancillary staff.
An employer in healthcare is an employer whose main activity is the managing, organising and provision of healthcare (“healthcare employer”). These Regulations also apply to other employers who provide services to a healthcare employer, under the authority of a healthcare employer or in a healthcare employer’s place of work. The duties on this employer only apply insofar as the employer has control over the relevant activities of their relevant employees. Where an employee of a healthcare employer provides healthcare services in another employer’s workplace or in the home of a patient, the employer will be required to comply with the proposed Regulations.
Employers whose main activity is not the provision of healthcare but whose employees may work with sharps will not fall within the scope of the Regulations (unless they are working on the premises of a healthcare employer who is subject to the proposed Regulations). Therefore organisations such as schools and prisons are not subject to the Regulations even though they might employ medical staff. Those employers remain subject to existing health and safety legislation.
- 2013 European Communities (Carriage of Dangerous Goods by Road and Use of Transportable Pressure Equipment) (Amendment) Regulations 2013 (S.I. No. 238 of 2013)
These Regulation transpose into Irish law Commission Directive 2012/45/EU of 3 December 2012 adapting for the second time the Annexes to Directive 2008/68/EC of the European Parliament and of the Council on the inland transport of dangerous goods to scientific and technical progress (insofar as that Directive relates to the transport of dangerous goods by road). Commission

Directive 2012/45/EU gives effect to the changes to the ADR agreement that came into force from 1 January 2013.

The Regulations also give further effect to Directive 2008/68/EC of the European Parliament and of the Council of 24 September 2008.

These Regulations amend the European Communities (Carriage of Dangerous Goods by Road and Use of Transportable Pressure Equipment) Regulations 2011 (S.I. No. 349 of 2011).

These Regulations together with the European Communities (Carriage of Dangerous Goods by Road and Use of Transportable Pressure Equipment) Regulations 2011 and the ADR place duties on the various participants associated with the carriage of dangerous goods by road. These include requirements for the vehicles, tanks, tank containers, receptacles and packages containing the dangerous goods during their transport. They require that the drivers, and others involved in the transport by road of the dangerous goods, be adequately trained and, in the case of drivers, hold certificates of such training. The Regulations (S.I. No. 349 of 2011 as amended and updated by this statutory instrument) also contain provisions on an EU harmonised approach to the road checks aspect of their enforcement.

European Union (Transport of Dangerous Goods by Rail) (Amendment) Regulations 2013 (S.I. No. 201 of 2013)

The purpose of these Regulations is to amend the European Communities (Transport of Dangerous Goods by Rail) Regulations 2010 (S.I. No. 651 of 2010) in line with the amending Commission Directive 2012/45/EU of 3 December 2012 adapting for the second time the Annexes to Directive 2008/68/EC on the inland transport of dangerous goods to scientific and technical progress.

2011 *European Communities (Carriage of Dangerous Goods by Road and Use of Transportable Pressure Equipment) Regulations (S.I. No. 349 of 2011)*

These Regulations, which came into operation on 1st July 2011, retranspose into Irish Law Directive 2008/68/EC of the European Parliament and of the Council of 24 September 2008 on the inland transport of dangerous goods (insofar as that Directive relates to the carriage of dangerous goods by road) as amended by Commission Directive 2010/61/EU of 2 September 2010 adapting for the first time the Annexes to Directive 2008/68/EC of the European Parliament and of the Council on the inland transport of dangerous goods to scientific and technical progress and Directive 2010/35/EU of the European Parliament and the Council of 16 June 2010 on transportable pressure equipment, but in so far only as that Directive relates to the carriage of dangerous goods by road.

The Regulations also transpose and/or retranspose into Irish law—

(a) *the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR), the Annexes to it and the protocol of signature thereto done at Geneva on 30 September 1957, as amended from time to time by reference to Directive 2008/68/EC and amendments thereto, and*

(b) *the requirements of Council Directive 95/50/EC of 6 October 1995 on uniform procedures for checks on the transport of dangerous goods by road, as amended by Directive 2001/26/EC of the European Parliament and of the Council of 7 May 2001 amending Council Directive 95/50/EC and Commission Directive 2004/112/EC of 13 December 2004 adapting to technical progress Council*

This Order was signed by Billy Kelleher, Minister of State at the Department of Enterprise, Trade and Employment, on 14 February 2008 and came into operation on 1 May 2008.

The purpose of the Order (as provided for in sections 1(2) and 4(2) of the Safety, Health and Welfare at Work Act 2005 (No. 10 of 2005)) was to activate the repeal of the Mines and Quarries Act, 1965 (No. 7 of 1965) in so far as that Act relates to quarries (including Sections 23 to 29, 91 to 97 and 133(2) and (3)) and to revoke all Regulations, Orders and Rules made under that Act as they relate to quarries.

The instruments in the latter category comprise—

- (i) Mines and Quarries (Reference) Rules 1970 (S.I. No. 75 of 1970),

The overall objective of the Order is to avoid overlapping or duplication between the repealed and revoked provisions and the Safety, Health and Welfare at Work (Quarries) Regulations 2008 from the coming into operation of the latter on 1 May 2008 and to remove from the statute book other provisions which are obsolete.
