# CHOOSE SAFETY

The Choose Safety Programme is a **FREE** programme available to post-primary schools and colleges of Further Education.

It introduces senior cycle students/students in further education to the principles of workplace safety and health.

Young people aged 15 – 19 are at highest risk of accident or injury in the workplace. This programme is designed to prepare them for the world of work and/or work experience.

- ➔ Aimed at students in Transition Year, LCA, LCVP, PLC/FE courses with relevant curriculum links to a host of senior cycle subjects, e.g. Science, Home Economics, Technologies, Art, Business, Ag. Science, P.E.
- ➔ FREE resources (high quality teachers packs and student workbooks available to all participating schools)
- ➔ Comprehensive preparation for students going on work experience or work placement
- ➔ Stand alone 'Get-Safe, Work Safe', a 90 minute short course on-line at [hsalearning.ie](http://hsalearning.ie) that students can complete in their own time.
- ➔ Local Choose Safety co-ordinators in all 21 Full Time Education Centre areas for backup and support
- ➔ Option to complete NCCA fully-approved Transition Unit. Download it at [www.hsa.ie/education](http://www.hsa.ie/education)
- ➔ Certificates of Completion awarded. Digital Badges will be awarded from September 2014

Choose Safety + e-learning = Transition Unit

If you are interested in Choose Safety programmes, contact Kilkenny Education Centre on 056-7760200 or email your requests to [kecsec@eircom.net](mailto:kecsec@eircom.net)  
Alternatively, contact your local Choose Safety Co-ordinator at:
