

Best Practice for

Preventing COVID-19

COVID-19 continues to be a public health issue. This information and guidance leaflet is to help make your workplace as safe as possible. For current public health advice, business owners / employers / employees should visit hse.ie, gov.ie and hpsc.ie for the latest information.

For good practical advice to prevent the spread of COVID-19 check out the Transitional Protocol: Good Practice Guidance for Continuing to Prevent the Spread of COVID-19 (31/01/2022),

Visit gov.ie for the latest information.
