

BeSMART.ie

**Free Online Safety Statement
and Risk Assessment Tool**

What is BeSMART.ie?

Safety statement and risk assessment tool

Free to use

Completely confidential

Available online 24/7

Completed in 4 simple steps

100,000+ users

Who is it for?

It is designed for use by employers or those who have responsibility for occupational health and safety delegated to them. It will support them to have an up to date safety statement and risk assessment.

BeSMART.ie is based on IS EN IEC 31010:2019 Risk Management – Risk Assessment Techniques (NSAI).

Note: Safety statements and risk assessments should be reviewed regularly or when new hazards are introduced.

Benefits of BeSMART.ie

Meet the requirement to have a safety statement and risk assessments.

Empower your staff to take responsibility for health and safety.

Reduce the likelihood of accidents at work.

Edit / update risk assessments easily.

Assign, manage and complete new control measures using the built-in action list.
