

## Public Information on a lower-tier establishment as required by Regulation 25

### Information on lower-tier establishments

All establishments subject to the *COMAH Regulations 2015* have submitted a notification in a standard form to the Authority. This includes information on their location, the hazard categories of the dangerous substances present with an indication of their dangers, emergency action information and sources of additional relevant information.

### General Duties on Operators

Operators have a general duty to identify all the major accident hazards in their establishment, take all necessary measures to prevent major accidents and to limit the consequences of such accidents to human health and the environment.

### Public information for a lower-tier establishment

This establishment is subject to the *COMAH Regulations 2015* and has submitted a notification to the Authority.

The following information, which has been extracted from the notification, fulfils the requirements of Regulation 25(3)(a).

The date of the most recent *COMAH* inspection (added by the Central Competent Authority) can also be found in the table below.
