All-Island Safety Seminar

This seminar has been organised by the following organisations.

HSA, HSENI, Irish Concrete Federation, Irish Mining and Quarrying Society, Institute of Quarrying, and the Quarry Products Association of Northern Ireland. You are cordially invited to this seminar which will provide essential information and best practice in the extractives and construction products industries.

Speakers will use examples to illustrate best practice and will give practical information of benefit to those working and managing in these areas.

REGISTRATION DETAILS

The event costs €30 per person which includes a conference lunch and a delegate's information pack.

Registration is made by clicking on the link below.

Only on-line registration is available and the number of delegates is limited so please reserve as soon as possible.

Registration closes on the 12th of November unless the maximum number of delegates is reached before then.

Trade Stands

A small number of trade stands will be available in a dedicated area at the hotel at the entrance to the conference area.

Trade stands at €150/£120 can be reserved directly through the following:

- ICF
- QPANI
- IMQS
